

Shubham Inamdar

Solapur, Maharashtra | 8855839822 | shubhaminamdar93@gmail.com

PROFESSIONAL SUMMARY

Final-year B.Tech student in Electronics and Telecommunication Engineering Proficient in Python, SQL, and Django, with hands-on experience using AWS services including EC2, S3, and IAM. Recognized as a Smart India Hackathon finalist for innovative problem-solving, teamwork, and delivering practical solutions under tight deadlines.

INTERNSHIP EXPERIENCE

AICTE India / Feb 2025 - Mar 2025

- Built an NLTK-based chatbot that uses tokenization and lemmatization to understand user messages.
- Trained a machine learning model on a custom intents dataset to predict intent and return suitable responses.
- Developed an interactive Streamlit interface to provide a simple and user-friendly chatbot experience.

TECHNICAL SKILLS

Languages: Python, SQL

Frameworks and Libraries: Django, Scikit-learn, NLTK

Web Technologies: HTML5, CSS3, Bootstrap 5, Streamlit

Cloud Services: AWS EC2, S3, IAM

Databases and Tools: MySQL, Visual Studio Code

Soft Skills: Problem Solving, Communication, Teamwork

PROJECTS

Depression Support Chatbot / Jul 2025 - Sep 2025

- Developed an AI-powered emotional support chatbot using Django, Scikit-learn, and NLTK.
- Implemented a TF-IDF and Logistic Regression model for intent detection and empathetic responses.
- Added a modern chat interface, dual-mode theme, and crisis-response feature to improve usability.

Stock Master (Inventory Management System) / Sep 2025 - Nov 2025

- Built a Django-based inventory and stock management system for efficient product tracking and reporting.
- Implemented PDF report generation, search filtering, and a Bootstrap 5 user interface.
- Designed the application to support smooth performance for small to medium-scale industry operations.

Care Bridge

- Developed Care Bridge as a full-stack web application focused on delivering a clean and user-friendly digital experience.
- Built core application features using Python, Django, SQL, HTML, and CSS with a structured backend and responsive frontend.
- Deployed the project on Render, demonstrating hands-on experience with cloud hosting, application deployment, and production-ready delivery.

ACHIEVEMENTS

- Selected as a finalist in Smart India Hackathon (SIH) Hardware Edition held at PIET Panipat, Haryana for an innovative hardware-based solution.
- Recognized for creativity, teamwork, and problem-solving in a national-level competition.

CERTIFICATIONS

- Introduction to Azure SQL
- Basics of Python
- Web Designing

EDUCATION

Bachelor of Technology (B.Tech), Electronics and Telecommunication Engineering | Walchand Institute of Technology | Expected 2026 | 77.31%

Higher Secondary Certificate (HSC) | 72.83% | 2022

Secondary School Certificate (SSC) | 90.5% | 2020
